

# Market Data That Matters

AHCA  
AMERICAN HEALTH CARE ASSOCIATION

An AHCA/NCAL Data Solutions Platform Product

## P3<sup>©</sup> is a groundbreaking new tool for AHCA SNF members.

Subscribe now and easily get market data at the click of a button.

Your year-long subscription gives you a critical understanding of patient flow and availability in key clinical categories relevant to PDPM. You'll get quarterly reports with key information that will help you to be more successful:

### Hospital Referral Data

Shows:

- Discharge patterns from the top five hospitals by volume in the SNF's market
- State and national benchmarks
- Top SNFs receiving patients from the top five hospitals in the market
- Top five hospitals referring to a SNF facility by volume

### SNF Length of Stay (LOS) and Referral Data

Shows:

- LOS for the SNF compared to state and top SNF benchmarks
- Summary of the settings that SNF discharges patients

### Market PDPM Data

Shows the market's hospital discharge volume by PDPM category.

### Top Hospital PDPM Data

Shows hospital discharge volume by PDPM category for the hospital from which the most referrals are received.

So if you want to better understand your market patient mix and discharge practices and hone your clinical competencies and programming to deliver high-value care under PDPM, get P3<sup>©</sup> today.
