

## A Groundbreaking Data Tool That Helps Rebuild Your SNF Census

**P3**® is a SNF-centered report, available exclusively to AHCA SNF members, that uses hospital and SNF claims to track patient flow and availability in the SNF's market area.

[Subscribe now and easily get market data at the click of a button.](#)

Your year-long subscription gives you a critical understanding of hospital referral data in key clinical categories relevant to PDP. You'll get quarterly reports with key information that will help you compete more successfully:

### Hospital Referral Data

Shows:

- Discharge patterns from the top five hospitals by volume in the SNF's market
- State and national benchmarks
- Top SNFs receiving patients from the top five hospitals in the market
- Top five hospitals referring to a SNF facility by volume

### SNF Length of Stay (LOS) and Referral Data

Shows:

- LOS for the SNF compared to state and top SNF benchmarks
- Summary of the settings that SNF discharges patients

### **Market PDPM Data**

Shows the market's hospital discharge volume by PDPM category

### **Top Hospital PDPM Data**

Shows hospital discharge volume by PDPM category for the hospital from which the most referrals are received

So if you want affordable and reliable data to improve your position in the market and hone your clinical competencies, get P3<sup>®</sup> today.
