

PRF Reporting Portal Now Open

The Provider Relief Fund (PRF) [Reporting Portal](#) is now open for providers to report fund use for April 10, 2020 through June 30, 2020. Providers who received one or more PRF payments exceeding \$10,000, in the aggregate, during this time have **until September 30, 2021 to submit the initial report.**

Last month, the U.S. Department of Health and Human Services (HHS) – through the Health Resources and Services Administration (HRSA) – released [updated PRF reporting requirements](#). The updates provided more reporting time, reducing burdens on smaller providers and extending key deadlines for expending PRF payments received after June 30, 2020.

HRSA has released several new resources to support efforts as you begin the reporting process, including a [Data Entry Workbook](#), [Reporting-specific FAQs](#), and [Submitting Reporting Information](#) user guide. Additionally, HRSA will host a recorded webcast on Thursday, July 8 at 3 PM Eastern to provide technical assistance on reporting requirements for PRF recipients and stakeholders. Be sure to [register](#).

You are encouraged to register in the reporting portal in advance of your relevant Reporting Time Period dates; registration is required before reporting. This takes approximately 20 minutes and must be completed in one session. HRSA has developed a [Registration User Guide](#) to assist.

As a reminder, the reporting timelines are as follows:
