

AHCA/NCAL Issues Policy Statement Regarding COVID-19 Vaccinations of Long Term Care Personnel

To protect all residents, staff and others in our communities from the known and substantial risks of COVID-19, AHCA/NCAL strongly urges the vaccination of all health care personnel. AHCA/NCAL also supports all providers that adopt mandatory COVID-19 vaccination policies for health care personnel, with state and local regulations and circumstances shaping whether and how these policies are implemented.
