

New #GetVaccinated Handouts Help Answer Common Questions and Implement Mandates

As efforts continue to increase staff vaccination rates in long term care, AHCA/NCAL has created new materials to help support long term care providers. Three new handouts cover common questions raised by staff members when considering whether to get the COVID-19 vaccine.

Take the Stress Out of Coding in 2022

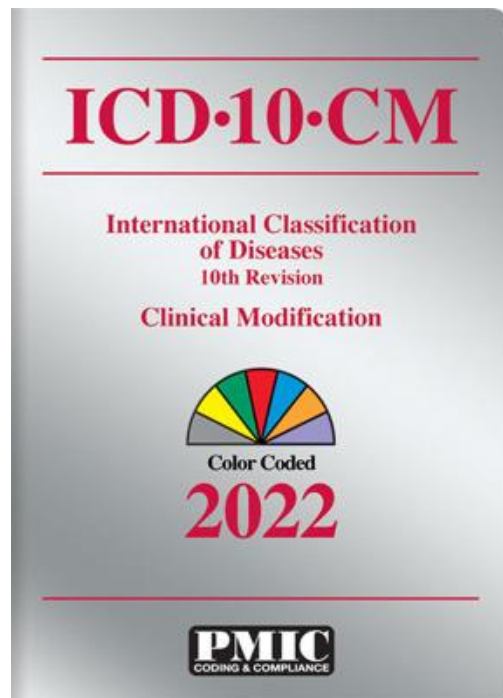

The brand new [ICD-10-CM 2022](#) manual by PMIC includes the most current version of the ICD-10-CM code set. In addition to official coding guidelines, this manual provides descriptions, indexes, tables, thumb indexing, and other special features to help you code more easily and faster. Other key components include a comprehensive introduction to ICD-10-CM, an Alphabetical Index to the Tabular List, chapter-specific guidelines preceding each chapter, and definitions of medical terms at the code level.
