

NYSHFA | NYSCAL Secures A New Member Benefit that could Save Your Facility Significant Energy Costs

NYSHFA | NYSCAL has teamed with Transparent Energy, a national leader in auction-based energy procurement, to Bring You the Efficient, Cost-Saving and risk-free Benefits of Purchasing Electricity, Natural Gas and Renewables via Online Auctions.

Transparent Energy is the go-to resource for C&I companies, institutions, associations, and government agencies for energy procurement and energy advisory services. The company's clients include Associations and automotive, education, financial services, healthcare, manufacturing, municipalities, real estate (REITS, CRE, and property management), retail, and technology firms. With a proven process delivered by retail energy's most experienced professionals and state-of-the-art online auction technology, Transparent Energy has driven hundreds of millions of dollars in operational savings for clients across North America. For more information, see www.transparentedge.com

The new program enables NYSHFA | NYSCAL members to procure low-cost energy, easily and with confidence, backed by the people, process, and technology that have made Transparent Energy synonymous with energy-procurement excellence. For members with in-house energy expertise, Transparent Energy's leading market intelligence and online auction platform can supplement existing processes, driving additional savings.

We have heard from members, one of them being Kingsway Community, that are already using Transparent Energy and by doing so, have secured significant savings.

By working with Transparent Energy, NYSHFA | NYSCAL members will gain the following benefits:

- Annual energy cost reductions compared to traditional procurement methods.
- An additional "members-only" discount.
- Access to an always-on energy advisory resource that proactively monitors energy markets and actively identifies opportune times to purchase energy, including renewables.
- The program is risk-free. Members don't sign an energy contract unless they're 100% satisfied.

For more information on Transparent Energy's high-value, risk-free energy advisory and procurement services for NYSHFA | NYSCAL members, please contact Jonathan Le at jle@transparentedge.com or (945) 218-2185.
