

IHA-AHP Recruitment and Retention Strategies for Healthcare Leadership Series

Support for this series is provided through a generous grant from the Mother Cabrini Health Foundation.

Putting People First: An Approach to Mapping the Workforce and Developing a Plan

The Iroquois Healthcare Association (IHA) and Advocates for Human Potential (AHP) have joined forces to develop the **IHA-AHP Recruitment and Retention Strategies for Healthcare Leadership Series**, a series of webinars for healthcare leadership focusing on innovative thinking around recruitment and retention.

Please join us for Webinar 1, Putting People First: An Approach to Mapping the Workforce and Developing a Plan, on June 14 from 12:00 - 1:00pm.

Objectives

By the end of the session, attendees will be able to:

- Describe strategies for developing a workforce development plan for your organization that includes:
 - Identifying data elements
 - Benchmarking
 - Planning for meeting urgent needs and developing longer-term strategy
- Identify gaps tied to resources and potential funding to support the WF planning and execution

This is open to anyone who has responsibility in the organization for recruiting and retaining employees.
